RE: PCB Transformer De-Registrations

American Electric Power SWEPCO's Welsh Power Plant is pleased to announce that it has removed all 12 of the previously registered PCB transformers at 1187 CR 4865, Pittsburg, TX 75686. These units were previously registered with your office on EPA Form 7720-12 PCB Transformer Registration by certified mail letter dated May 17, 2012. Be it noted however, that the most recent USEPA Transformer Registration Database does not show these registered units. A copy of the 5-17-12 letter and returned receipt are enclosed.

Please accept this correspondence as notice to de-register all twelve registered PCB Transformers from the EPA PCB Transformer Database as the twelve transformers previously located at the American Electric Power SWEPCO Welsh Power Plant have been removed from service and disposed. All 12 units previously at this location were disposed with Veolia Environmental Services, Port Arthur, Texas.

Should you have any questions, please feel free to contact me at 318-673-2744 or [medavis2@aep.com](mailto:medavis2@aep.com).

Sincerely,

A handwritten signature in blue ink that reads 'Mary E. Davis'.

Re: De-register PCB transformers  
EPA ID TXD008129983  
HWY 361  
Gregory, TX 78359

The Sherwin Alumina Company ceased operations on September 30, 2016. All PCB oil and transformers containing PCB oil have been removed from the site and properly disposed. Clean Harbors facilitated the removal and disposal. Sherwin Alumina Company was formerly the Reynolds Metals Sherwin Plant. The physical location is 4633 HWY 361, Gregory, Texas.

Please have all PCB transformers de-registered for this site.

Please let me know if you need any additional information.

Sincerely,

Sandra Bailey  
Environmental Manager  
Sherwin Alumina Company

Dear Sir or Madam:

**Re: Update of Previous PCB Transformer Registration Information**

Eastman Chemical Company, Texas Operations, Longview, Texas (Eastman) is updating information related to our June 16, 2008, EPA Form 7720-12, PCB Transformer Registration. To Eastman's knowledge, this facility no longer contains a "PCB Transformer" by definition according to *40 Code of Federal Regulations* (CFR), Part 761.

If you have any questions, please call Kevin Phillips at (903) 237-5841.

Very truly yours,

Kevin Phillips  
Principal Environmental Specialist, Corporate Environmental Affairs

**RE: General Electric Company – Houston, TX Training Center (EPA ID No. TX0060718269)  
Notification of PCB Transformer Removal from Service – EPA Record ID No. 1340**

Dear Sir or Madam:

This letter serves as notification to the Fibers & Organics Branch of the Office of Pollution Prevention & Toxics of the U.S. Environmental Protection Agency (USEPA) that the (2) EPA Registered PCB Transformers, formerly in service at the GE facility located at 8800 Wallisville Road, Houston, Texas 77029, have been removed from service and properly disposed. These transformers were sent for disposal to the Clean Harbors PPM LLC facility located at 2474 Highway 169 North, Coffeyville, Kansas 67337 (U.S. EPA ID Number KSD981506025) on October 22, 2014 using Manifest Tracking Numbers 007495415FLE and 007495416FLE.

General Electric Company respectfully requests that the USEPA remove these transformers from the PCB Transformer Registration Database (Record ID 1340). Please contact me at +1 832 986 6543 or [Elena.Rutz@ge.com](mailto:Elena.Rutz@ge.com) should you have any questions regarding this request or the removal of the PCB Transformers at this facility.

Sincerely,

**Elena Rutz**
